Brooks Endorses Tranel in 49th Assembly District Primary
“Travis Tranel embodies the best for the future of agriculture in Wisconsin.”

State Representative Ed Brooks (R-Reedsburg) announced his endorsement of incumbent State Representative Travis Tranel for the 49th Assembly District and made the following statement of support:

“Representative Travis Tranel should be the voters choice for the 49th Assembly District. He’s shown leadership, thoughtful consideration of all residents in his district, and collaborative effort on important agriculture industry issues. Wisconsin’s \$60 billion a year agriculture industry needs an enthusiastic, hard-working champion like Travis to help move Wisconsin’s agriculture community forward. I’ve seen him in action as we’ve served together on the Assembly Committee on Agriculture where his experience has been an important part of our work. I am pleased to stand with Representative Tranel.”
